IMAGINE. EXPLORE. CREATE.

IMAGINE. EXPLORE. CREATE.

The Imagine carpet collection by Milliken takes residential patterned carpet to the next level, layering pattern and color to create a collection of flooring that will work in any decor.

Accorde Lend panache to everyday living with the super chic Accorde design. This modern geometric pattern incorporates shapes and shades re-imagined for today. To enhance the graphic visual, we've added rich striated undertones to contrast the interlocking squares. Available in 8 colorations derived from modern upscale interiors.

Ancient Expression We've updated this classic Persian design with a serenely soft palette of 5 colors and more open field to create a pattern that is both striking and versatile.

Covington The beautiful tones and layered textures of this pattern are made for living and create a space to get away from the rush of life.

Flux The modern rhythmic shape of Flux stays ahead of the curve with clean contours and contemporary styling. Showcased in a palette of 9 modern colorations.

Gesture Clean and graceful lines accentuate the movement in this updated yet classic scroll design. Variations of 13 classic hues work beautifully on any floor in this soft cut pile construction.

Hensler The most restful retreats have soothing color palettes, soft textural patterns and filtered natural light. Hensler fits this description by featuring a classically tailored Japanese lattice design. It is available in beautiful range of twelve upscale colorations.

In The Wild Take flooring beyond the expected with In The Wild. Available in 3 skins patterns that will add exotic flair and personality to any decor.

Love Letter Inspiring and comfortable, Love Letter will help you create a room that is truly unique and inviting. Compiled of imagery from antique French postcards and letters, this design is sure to be a conversation piece. Various papers and patinas inspired the palette of six neutral tones.

Mercado The new Mercado design is a thoughtful blend of pattern, texture and color. It captures the classic modern ideal of being pleasing to the eye and practical for everyday living. This design is offered in six beautiful neutrals, rich enough to take center stage.

Natural Beauty The move toward simplistic styling drove the concept behind the blending of this organic and scroll like design. Coupled with a nice flowing pattern and a perfect scale, this luxurious cut pile in 15 monochromatic colorations will inject character and work in any space lending itself to both classic and transitional settings.

Pleasant Haven Multiple Vines entwine with organic twists and curls in this eye-catching lattice design. Nine rich colorations will inject character into both classic and transitional settings.

Rooftop Garden Let Rooftop Garden welcome you home with its references to nature and simplicity. This flowing design will put your mind at ease as soon as you walk in the door.

Rotunda Rich in color and style, this ogee pattern is the epitome of good design. Subtle striations and architectural curves provide a refined platform for any design scheme.

Royal Villa Revitalizing one of our most classic designs, the damask is always a popular choice. Royal Villa stems from a restored vintage pattern from our archives. This beautiful cut pile construction will grace any floor with its 16 rich colorations of monochromatic tone on tones. The effect is distinctive and stylish.

Sketchbook A timeworn fabric is the creative impulse behind this cut pile construction. The focus on the imperfections and distressed areas of the fabric helped to add a textural element to the product. 15 colors of neutrals and trendy tones create a hand tufted effect while the overall look remains simple. This product will be a great platform for any design scheme.

Trillium Trillium is a large scale Ikat pattern inspired by the handcrafted textiles of Central Asia. Break from the mainstream with this ethnic pattern that is versatile enough to be used in both traditional and more modern settings.

Urban Order Simplicity at its best...This Mid-Century styled design combines clean symmetry and a richly striated background. Offered in 9 harmonious colors.

Villa Retreat Villa Retreat is the perfect expression of good design. Its simple shapes and soft to mid tone colors give pleasure to our rooms and to our everyday.

Wentworth Regal and dramatic, our modern interpretation of the classic diamond pattern makes an elegant statement to any room. Offered in 6 distinctive colors.

Willowcrest A room with Willowcrest is like weekendening in a boutique hotel... only you get to enjoy its soft touch and relaxing pattern day after day.
